GENERAL LETTER GL18 124 Rev. 2
On-line Scanner 3000 Demonstrator

You can experience all the capabilities of a Scanner series model 3000 on-line. Simply open your preferred browser and enter the address 204.191.123.160 to access the Scanner virtual lab. Click on one of the Scanner 3100 and when prompted enter the user name *admin* and the password *scanner*.

To appreciate the effectiveness of the Scanner's wireless automation capabilities, the Scanner at address 204.191.123.160:3080 has a wireless Scanner 2100 connected to it.

As points of etiquette, if while logging in you get a message indicating another user is logged in, please choose another Scanner. When you are finished please log out of the Scanner before navigating away.

Please refer any application or product questions to your local Cameron salesperson or you can email us at measurement@sensiaglobal or call (866) 773 6742.

Yours truly,

Zack Munk
